

**Tudhoe Learning Trust**

# **Acceptable Use of ICT Policy**

**Approved by:** Chief Executive Officer

**Date:** June 2020

**Last reviewed on:** June 2020

**Next review due by:** June 2021

---

## Introduction

ICT is an integral part of the way our Trust schools work, and is a critical resource for pupils, staff, governors, directors, volunteers and visitors. It supports teaching and learning, pastoral and administrative functions of the trust and school.

However, the ICT resources and facilities our schools use also pose risks to data protection, online safety and safeguarding.

This policy aims to:

- Set guidelines and rules on the use of school ICT resources for staff, pupils, parents, governors and directors
- Establish clear expectations for the way all members of the school community engage with each other online
- Support the trust and school's policy on data protection, online safety and safeguarding
- Prevent disruption to the school through the misuse, or attempted misuse, of ICT systems
- Support the school in teaching pupils safe and effective internet and ICT use

This policy covers all users of our trust school's ICT facilities, including governors, directors, staff, pupils, volunteers, contractors and visitors.

Breaches of this policy may be dealt with under our school's behaviour policies or the Trust Disciplinary Policy and Procedure.

In applying this policy, the Trust will not unlawfully discriminate in respect of any of the protected characteristics as defined under the Equality Act and specified below:

- Age
- Disability
- Gender reassignment
- Pregnancy and Maternity
- Race
- Religion or Belief
- Sex
- Sexual Orientation
- Marriage and civil partnership

Head Teachers will monitor the implementation of this policy, including ensuring that it is updated to reflect the needs and circumstances of the school.

This policy should be read alongside the school's policies on:

- Online safety
- Safeguarding and child protection
- Behaviour
- Staff discipline
- Data protection

## Unacceptable Use

The following is considered unacceptable use of the school's ICT facilities by any member of the school community. Any breach of trust/school policy may result in disciplinary or behaviour proceedings (see section below).

Unacceptable use of the school's ICT facilities includes:

- Using the school's ICT facilities to breach intellectual property rights or copyright
- Using the school's ICT facilities to bully or harass someone else, or to promote unlawful discrimination
- Breaching the school's policies or procedures
- Any illegal conduct, or statements which are deemed to be advocating illegal activity
- Accessing, creating, storing, linking to or sending material that is pornographic, offensive, obscene or otherwise inappropriate
- Activity which defames or disparages the school, or risks bringing the school into disrepute
- Sharing confidential information about the school, its pupils, or other members of the school community
- Connecting any device to the school's ICT network without approval from authorised personnel
- Setting up any software, applications or web services on the school's network without approval by authorised personnel, or creating or using any program, tool or item of software designed to interfere with the functioning of the ICT facilities, accounts or data
- Gaining, or attempting to gain, access to restricted areas of the network, or to any password-protected information, without approval from authorised personnel
- Allowing, encouraging, or enabling others to gain (or attempt to gain) unauthorised access to the school's ICT facilities
- Causing intentional damage to ICT facilities
- Removing, deleting or disposing of ICT equipment, systems, programs or information without permission by authorised personnel
- Causing a data breach by accessing, modifying, or sharing data (including personal data) to which a user is not supposed to have access, or without authorisation
- Using inappropriate or offensive language
- Promoting a private business, unless that business is directly related to the school
- Using websites or mechanisms to bypass the school's filtering mechanisms

This is not an exhaustive list. The Trust reserves the right to amend this list at any time. The Trust's Chief Executive Officer will use their professional judgement to determine whether any act or behaviour not on the list above is considered unacceptable use of Trust school's ICT facilities.

### Exceptions from unacceptable use

Where the use of school ICT facilities is required for a purpose that would otherwise be considered an unacceptable use, exemptions to the policy may be granted at the Head Teacher's discretion.

### Sanctions

Pupils and staff who engage in any of the unacceptable activity listed above may face disciplinary action in line with the school's policies on behaviour and/or discipline. Copies of these policies may be found on the school website and at [www.tudhoelearningtrust.co.uk](http://www.tudhoelearningtrust.co.uk) as appropriate.

Sanctions for unacceptable ICT use may include revoking permission to use the school's systems.

## **Staff (including governors, directors, volunteers, and contractors)**

### **Access to school ICT facilities and materials**

The school's ICT provider OnelTss manages access to the trust and school's ICT facilities and materials for school staff. That includes, but is not limited to:

- Computers, tablets and other devices
- Access permissions for certain programmes or files

Staff will be provided with unique log-in/account information and passwords that they must use when accessing the school's ICT facilities.

Staff who have access to files they are not authorised to view or edit, or who need their access permissions updated or changed, should contact the Head Teacher.

### **Use of phones and email**

The school provides each member of staff with an email address. All work-related business should be conducted using the email address the school has provided. This email account should be used for work purposes only.

Staff must not share their personal email addresses with parents and pupils, and must not send any work-related materials using their personal email account.

Staff must take care with the content of all email messages, as incorrect or improper statements can give rise to claims for discrimination, harassment, defamation, breach of confidentiality or breach of contract.

Email messages are required to be disclosed in legal proceedings or in response to requests from individuals under the Data Protection Act 2018 in the same way as paper documents. Deletion from a user's inbox does not mean that an email cannot be recovered for the purposes of disclosure. All email messages should be treated as potentially retrievable.

Staff must take extra care when sending sensitive or confidential information by email. Any attachments containing sensitive or confidential information should be encrypted so that the information is only accessible by the intended recipient.

If staff receive an email in error, the sender should be informed and the email deleted. If the email contains sensitive or confidential information, the user must not make use of that information or disclose that information.

If staff send an email in error which contains the personal information of another person, they must inform their Head Teacher immediately and follow our data breach procedure.

Staff must not give their personal phone numbers to parents or pupils. Staff must use phones provided by the school to conduct all work-related business. School phones must not be used for personal matters.

Staff who are provided with mobile phones as equipment for their role must abide by the same rules for ICT acceptable use as set out above.

Staff who would like to record a phone conversation should speak to the Head Teacher.

All non-standard recordings of phone conversations must be pre-approved, and consent obtained from all parties involved. For example, you may grant requests to record conversations when:

- Discussing a complaint raised by a parent/carer or member of the public

- Calling parents to discuss behaviour or sanctions
- Taking advice from relevant professionals regarding safeguarding, special educational needs assessments, etc.
- Discussing requests for term-time holidays

### **Personal use**

Staff are permitted to occasionally use school ICT facilities for personal use subject to certain conditions set out below. Personal use of ICT facilities must not be overused or abused. The Head Teacher may withdraw permission for it at any time or restrict access at their discretion.

Personal use is permitted provided that such use:

- Does not take place during working time
- Does not constitute 'unacceptable use', as defined above
- Takes place when no pupils are present
- Does not interfere with their jobs, or prevent other staff or pupils from using the facilities for work or educational purposes

Staff may not use the school's ICT facilities to store personal non-work-related information or materials (such as music, videos, or photos).

Staff should be aware that use of the school's ICT facilities for personal use may put personal communications within the scope of the school's ICT monitoring activities (see section below).

Where breaches of this policy are found, disciplinary action may be taken.

Staff are also permitted to use their personal devices (such as mobile phones or tablets) in line with the school's mobile phone/device policy.

Staff should be aware that personal use of ICT (even when not using school ICT facilities) can impact on their employment by, for instance putting personal details in the public domain, where pupils and parents could see them.

Staff should take care to follow the school's guidelines on social media (see Appendix 1) and use of email (see previous section) to protect themselves online and avoid compromising their professional integrity.

### **Personal social media accounts**

Members of staff should ensure that their use of social media, either for work or personal purposes, is appropriate at all times.

The school has guidelines for staff on appropriate security settings for Facebook accounts (see Appendix 1).

### **Remote access**

We allow staff to access the school's ICT facilities and materials remotely where appropriate.

Staff accessing the school's ICT facilities and materials remotely must abide by the same rules as those accessing the facilities and materials on-site. Staff must be particularly vigilant if they use the school's ICT facilities outside the school and take such precautions as the Head Teacher may require from time to time against importing viruses or compromising system security.

Our ICT facilities contain information which is confidential and/or subject to data protection legislation. Such information must be treated with extreme care and in accordance with our Data Protection Policy.

### **School social media accounts**

If your school has an official social media account, e.g. Facebook/Twitter page, staff members who have not been authorised to do so must not access, manage, or post to the account.

The school has guidelines for what can and cannot be posted on its social media accounts. Those who are authorised to manage the account must ensure they abide by these guidelines at all times.

## **Monitoring of school network and use of ICT facilities**

Trust schools reserve the right to monitor the use of its ICT facilities and network. This includes, but is not limited to, monitoring of:

- Internet sites visited
- Bandwidth usage
- Email accounts
- Telephone calls
- User activity/access logs
- Any other electronic communications

Only authorised ICT staff may inspect, monitor, intercept, assess, record and disclose the above, to the extent permitted by law.

Trust schools monitor ICT use in order to:

- Obtain information related to school business
- Investigate compliance with school policies, procedures and standards
- Ensure effective school and ICT operation
- Conduct training or quality control exercises
- Prevent or detect crime
- Comply with a subject access request, Freedom of Information Act request, or any other legal obligation

## **Pupils**

### **Access to ICT facilities**

ICT facilities are available to pupils in school during lessons from time to time under the supervision of staff.

### **Search and deletion**

Under the Education Act 2011, and in line with the Department for Education's [guidance on searching, screening and confiscation](#), schools have the right to search pupils' phones, computers or other devices for pornographic images or any other data or items banned under school rules or legislation.

Trust schools can, and will, delete files and data found on searched devices if we believe the data or file has been, or could be, used to disrupt teaching or break the school's rules.

### **Unacceptable use of ICT and the internet outside of school**

Trust schools will sanction pupils, in line with their behaviour policy, if a pupil engages in any of the following **at any time** (even if they are not on school premises):

- Using ICT or the internet to breach intellectual property rights or copyright
- Using ICT or the internet to bully or harass someone else, or to promote unlawful discrimination
- Breaching the school's policies or procedures
- Any illegal conduct, or statements which are deemed to be advocating illegal activity
- Accessing, creating, storing, linking to or sending material that is pornographic, offensive, obscene or otherwise inappropriate
- Activity which defames or disparages the school, or risks bringing the school into disrepute
- Sharing confidential information about the school, other pupils, or other members of the school community
- Gaining or attempting to gain access to restricted areas of the network, or to any password protected information, without approval from authorised personnel
- Allowing, encouraging, or enabling others to gain (or attempt to gain) unauthorised access to the school's ICT facilities
- Causing intentional damage to ICT facilities or materials
- Causing a data breach by accessing, modifying, or sharing data (including personal data) to which a user is not supposed to have access, or without authorisation
- Using inappropriate or offensive language

Please refer to your school's behaviour policy for information relating to sanctions that may be given in these circumstances.

## Parents

### Access to ICT facilities and materials

Parents do not have access to the school's ICT facilities as a matter of course.

However, parents working for, or with, the school in an official capacity (for instance, as a volunteer or as a member of the PTA) may be granted an appropriate level of access, or be permitted to use the school's facilities at the Head Teacher's discretion.

Where parents are granted access in this way, they must abide by this policy as it applies to staff.

### Communicating with or about the school online

We believe it is important to model for pupils, and help them learn, how to communicate respectfully with, and about, others online.

Parents play a vital role in helping model this behaviour for their children, especially when communicating with the school through our website and social media channels.

We ask parents to sign the agreement in Appendix 2.

## Data security

Trust schools take steps to protect the security of its computing resources, data and user accounts. However, schools cannot guarantee security. Staff, pupils, parents and others who use school ICT facilities should use safe computing practices at all times.

### Passwords

All users of the school's ICT facilities should set strong passwords for their accounts and keep these passwords secure.

Users are responsible for the security of their passwords and accounts, and where appropriate, for setting permissions for accounts and files they control.

Where there has been a password breach, passwords must be changed immediately and the incident must be reported to the Head Teacher immediately. Members of staff or pupils who deliberately disclose account or password information may face disciplinary action. Parents or volunteers who disclose account or password information may have their access rights revoked.

### **Software updates, firewalls, and anti-virus software**

All of the school's ICT devices that support software updates, security updates, and anti-virus products will be configured to perform such updates regularly or automatically. Users must not circumvent or make any attempt to circumvent the administrative, physical and technical safeguards we implement and maintain to protect personal data and the school's ICT facilities.

Any personal devices using the school's network must all be configured in this way.

### **Data protection**

All personal data must be processed and stored in line with data protection regulations and the school's data protection policy.

### **Access to facilities and materials**

All users of the school's ICT facilities will have clearly defined access rights to school systems, files and devices. These access rights are managed by the Head Teacher.

Users should not access, or attempt to access, systems, files or devices to which they have not been granted access. If access is provided in error, or if something a user should not have access to is shared with them, they should alert the Head Teacher immediately.

Users should always log out of systems and lock their equipment when they are not in use to avoid any unauthorised access. Equipment and systems should always be logged out of and closed down completely at the end of each working day.

### **Encryption**

The school ensures that its devices and systems have an appropriate level of encryption. School staff may only use personal devices (including computers and USB drives) to access school data, work remotely, or take personal data (such as pupil information) out of school if they have been specifically authorised to do so by the Head Teacher.

Use of such personal devices will only be authorised if the devices have appropriate levels of security and encryption, as defined by the Trusts ICT service provider.

### **Internet access**

The school wireless internet connection is secured. However, filters aren't fool-proof. You must report inappropriate sites that the filter hasn't identified (or appropriate sites that have been filtered in error) to the Head Teacher.

### **Pupils**

Pupils may use school wifi when authorised by the Head Teacher and supervised by school staff.

### **Parents and visitors**

Parents and visitors to the school will not be permitted to use the school's wifi unless specific authorisation is granted by the Head Teacher.

The Head Teacher will only grant authorisation if:

- Parents are working with the school in an official capacity (e.g. as a volunteer or as a member of the PTA)
- Visitors need to access the school's wifi in order to fulfil the purpose of their visit (for instance, to access materials stored on personal devices as part of a presentation or lesson plan)

Staff must not give the wifi password to anyone who is not authorised to have it. Doing so could result in disciplinary action.

## **Further Information**

If you would like any further regarding this policy and procedure please contact Trust HR at [office@tudhoelearningtrust.co.uk](mailto:office@tudhoelearningtrust.co.uk) or Tel: 01388 811 765

## Facebook cheat sheet for staff

### Do not accept friend requests from pupils on social media

#### 10 rules for school staff on Facebook

1. Change your display name - use your first and middle name, use a maiden name, or put your surname backwards instead
2. Change your profile picture to something unidentifiable, or if not, ensure that the image is professional
3. Check your privacy settings regularly
4. Be careful about tagging other staff members in images or posts
5. Don't share anything publicly that you wouldn't be just as happy showing your pupils
6. Don't use social media sites during school hours
7. Don't make comments about your job, your colleagues, our school or your pupils online - once it's out there, it's out there
8. Don't associate yourself with the school on your profile (e.g. by setting it as your workplace, or by 'checking in' at a school event)
9. Don't link your work email address to your social media accounts. Anyone who has this address (or your personal email address/mobile number) is able to find you using this information
10. Consider uninstalling the Facebook app from your phone. The app recognises wifi connections and makes friend suggestions based on who else uses the same wifi connection (such as parents or pupils)

#### Check your privacy settings

- Change the visibility of your posts and photos to '**Friends only**', rather than 'Friends of friends'. Otherwise, pupils and their families may still be able to read your posts, see things you've shared and look at your pictures if they're friends with anybody on your contacts list
- Don't forget to check your **old posts and photos** - go to [bit.ly/2MdQXMN](https://bit.ly/2MdQXMN) to find out how to limit the visibility of previous posts
- The public may still be able to see posts you've '**liked**', even if your profile settings are private, because this depends on the privacy settings of the original poster
- **Google your name** to see what information about you is visible to the public
- Prevent search engines from indexing your profile so that people can't **search for you by name** - go to [bit.ly/2zMdVht](https://bit.ly/2zMdVht) to find out how to do this
- Remember that **some information is always public**; your display name, profile picture, cover photo, user ID (in the URL for your profile), country, age range and gender

#### What do to if...

##### A pupil adds you on social media

- In the first instance, ignore and delete the request. Block the pupil from viewing your profile
- Check your privacy settings again, and consider changing your display name or profile picture
- If the pupil asks you about the friend request in person, tell them that you're not allowed to accept friend requests from pupils and that if they persist, you'll have to notify senior leadership and/or their parents. If the pupil persists, take a screenshot of their request and any accompanying messages
- Notify the Head Teacher about what's happening

##### A parent adds you on social media

- It is at your discretion whether to respond. Bear in mind that:
  - Responding to one parent's friend request or message might set an unwelcome precedent for both you and other teachers at the school
  - Pupils may then have indirect access through their parent's account to anything you post, share, comment on or are tagged in
- If you wish to decline the offer or ignore the message, consider drafting a standard response to let the parent know that you're doing so and notify the Head Teacher

## **You're being harassed on social media, or somebody is spreading something offensive about you**

- **Do not** retaliate or respond in any way
- Save evidence of any abuse by taking screenshots and recording the time and date it occurred
- Report the material to Facebook or the relevant social network and ask them to remove it
- If the perpetrator is a current pupil or staff member, our mediation and disciplinary procedures are usually sufficient to deal with online incidents
- If the perpetrator is a parent or other external adult, a senior member of staff should invite them to a meeting to address any reasonable concerns or complaints and/or request they remove the offending comments or material
- If the comments are racist, sexist, of a sexual nature or constitute a hate crime, you should consider contacting the police
- Notify the Head Teacher about what is happening

## Acceptable use of the internet: agreement for parents and carers

Acceptable use of the internet: agreement for parents and carers	
<b>Name of parent/carers:</b>	
<b>Name of child:</b>	
<p>Online channels are an important way for parents/carers to communicate with, or about, our school. The school uses the following channels:</p> <ul style="list-style-type: none"> <li>• Our official Facebook page</li> <li>• Email/text groups for parents (for school announcements and information)</li> <li>• Our virtual learning platform</li> </ul> <p>Parents/carers also set up independent channels to help them stay on top of what's happening in their child's class. For example, class/year Facebook groups, email groups, or chats (through apps such as WhatsApp).</p>	
<p>When communicating with the school via official communication channels, or using private/independent channels to talk about the school, I will:</p> <ul style="list-style-type: none"> <li>• Be respectful towards members of staff, and the school, at all times</li> <li>• Be respectful of other parents/carers and children</li> <li>• Direct any complaints or concerns through the school's official channels, so they can be dealt with in line with the school's complaints procedure</li> </ul> <p>I will not:</p> <ul style="list-style-type: none"> <li>• Use private groups, the school's Facebook page, or personal social media to complain about or criticise members of staff. This is not constructive and the school can't improve or address issues if they aren't raised in an appropriate way</li> <li>• Use private groups, the school's Facebook page, or personal social media to complain about, or try to resolve, a behaviour issue involving other pupils. I will contact the school and speak to the appropriate member of staff if I'm aware of a specific behaviour issue or incident</li> <li>• Upload or share photos or videos on social media of any child other than my own, unless I have the permission of other children's parents/carers</li> </ul>	
<b>Signed:</b>	<b>Date:</b>
